

networks models

introduction to *network science in Python* (*NetPy*)

Lovro Šubelj
University of Ljubljana
18th Jan 2022

networks *scale-free*

- *power-law* degree distribution $p_k \sim k^{-\gamma}$ [Pri65]
- *preferential attachment scale-free* model [BA99]

networks *small-world*

- *coexistence* of $\langle C \rangle \gg 0$ and $\langle d \rangle \simeq \frac{\ln n}{\ln \langle k \rangle}$
- *link rewiring small-world* model [WS98]
